# Treten Sie ein in die Welt der Supply Chain Excellence, bei den **Supply Chain Learning Days**

Dieses bereichernde, mehrtägige Abendprogramm bringt **führende Experten, erfahrene Trainer** und **engagierte Supply Chain Experten** aus öffentlichen PMI-Seminaren zusammen. Begleiten Sie uns, wenn wir in die tiefen erfolgreichen Supply Chain Managements eintauchen und modernste Trends, effektive Strategien und bewährte Best Practices aufzeigen.

Aber das ist noch nicht alles! Neben **aufschlussreichen Diskussionen** bieten die Supply Chain Learning Days **beeindruckende Besuche** von Produktionsstätten, Distributionszentren und (Flug-)Häfen, die Sie **in komplexe Supply Chain Abläufe eintauchen** lassen.

Diese Veranstaltungen sind Ihr Ticket, um Netzwerke zu erweitern, unschätzbare Erfahrungen auszutauschen und dynamisches Supply Chain Management zu erkunden. Nutzen Sie die Gelegenheit zum **vernetzen, lernen und transformieren!**

### EXPERIENCE THE THIRD LARGEST CONTAINER PORT IN EUROPE

Around 9,000 ship calls per year, almost 300 berths and a total of 43 kilometers of quay for seagoing vessels, more than 1,900 freight trains per week, four state-of-the-art container terminals, three cruise terminals and around 50 facilities specialized in handling ro-ro and breakbulk and all kinds of bulk cargoes – these are just a few of the factors making the Port of Hamburg to one of the world's most flexible, high-performance universal ports. 137.8 million tons of cargo crossed the quay walls of Germany's largest seaport in 2015. That included around 8.8 million standard containers (TEU). Join this networking event and discuss the state-of-the-art production methodologies and how the APICS body of knowledge relates to this. We are happy to answer any questions!

### DISCOVER THE EXCITING WORLD OF AIRBUS

**Aircraft manufacturing up close!** Go behind the scenes with PMI and experience – the production and assembly of Airbus aircrafts on an Airbus site tour. The plant Hamburg-Finkenwerder is located on the south bank of the river Elbe at the gates to the city. Experience an exciting insight into the interior structure and final assembly of the A320 to A380 family on a tour of the site. Or marvel at the A380 from close quarters. Join this networking event and discuss the state-of-the-art production methodologies and how the APICS body of knowledge relates to this. We are happy to answer any questions – we are sure there will be a lot of them!

### EXPERIENCE THE ART OF BREWING IN PERSON

The German purity law is well-known all over the world and has ensured the quality of beer "made in Germany" for 500 years! Enjoy an evening out exploring the world of beer production. From the brewing room and storehouse to the brewery museum and a relaxing time in the restaurant with traditional snacks and beer. Join this networking event and discuss the state-of-the-art production methodologies and how the APICS body of knowledge relates to this. We will be happy to answer any questions – and are sure there will be a lot of them!
